Circular Letter No. 126

Subject CORRECTION FOR KEYS FOR SCORING DIAGNOSTIC
ENGLISH TEST NO. 1 (110)

To Supervisors of Schools, Principals of High Schools,
and Teachers of English in High Schools and
Continuation Schools

There are two errors which we hereby wish to correct in the Keys for Scoring Diagnostic English Test No. 1, concerning which information was given you in Circular Letter No. 110.

1. In the Key for Scoring, Part A, question IV (Punctuation), sentence 1, the correct answer is money, (with the comma).

2. In the Key for Scoring, Part B, question III (Vocabulary, etc.) sentence 18, the correct answer in accordance with the way the test is printed is these.

We do indeed regret that these errors crept into the work; we hope that it will not inconvenience you too much to make the corrections. In case you have already made your reports on the tests the simplest way to correct them is to subtract the number recorded opposite the two above sentences from the total enrollment listed thereon. We shall make this change on reports we have already received.

Very sincerely yours,

(Signed) JUAN B. HUYKE,
Commissioner of Education.
